

# MATHCOUNTS®

MATHCOUNTS is a nonprofit that provides 2 engaging math programs to US middle school students to build confidence and improve attitudes about math and problem solving.

***Both programs are open to ALL students in grades 6-8, regardless of math level!***

The National Math Club is a supportive, non-competitive and social space for students to build their confidence in math! Clubs play games, win prizes and most importantly, *have FUN*.

The Competition Series is the country's premier math competition. With 4 levels of competition—school, chapter, state and national—MATHCOUNTS sharpens problem-solving skills and fosters achievement and teamwork.

*Join us!*

School Meeting Info:

*"Through MATHCOUNTS, I discovered what it meant to be a Mathlete: someone who approaches each problem with persisting curiosity... MATHCOUNTS challenged me like no other experience before, catalyzing immense growth in my problem-solving abilities and my adaptability, teamwork, and friendships."*

*- Laura, MATHCOUNTS alumna*

*Pop Quiz!* WHAT DO  
THE **FIRST WOMAN WHO WILL GO TO THE MOON** *(Christina Hammock Koch)*  
AND A FORMER **NFL FOOTBALL PLAYER** *(John Urschel)*  
AND A **SUCCESSFUL AI ENTREPRENEUR** *(Scott Wu)*  
HAVE IN COMMON?

*Answer?* THEY ALL GOT THEIR START IN

**MATHCOUNTS®**

*You can accomplish amazing things, too!  
Build skills today to reach your full potential tomorrow.*

**MEETING DATE:** \_\_\_\_\_

**TIME:** \_\_\_\_\_

**LOCATION:** \_\_\_\_\_

**FOR MORE INFO, SEE:** \_\_\_\_\_

*Lily is going to the movies with Abby, Bea and Jaclyn. Abby wants to sit at the end of the row, and Bea only cares that she is seated next to Jaclyn. In how many different ways can the friends be seated in a single row that only has 4 seats?*

JOIN **MATHCOUNTS**<sup>®</sup>

IF YOU **KNOW HOW** TO SOLVE THIS.

IF YOU'RE **CURIOUS** ABOUT HOW TO SOLVE THIS.

IF YOU **WANT TO SOLVE MORE** PROBLEMS LIKE THIS.

**MEETING DATE:** \_\_\_\_\_

**TIME:** \_\_\_\_\_

**LOCATION:** \_\_\_\_\_

**FOR MORE INFO, SEE:** \_\_\_\_\_

*Quick Poll:*

LOOKING TO IMPROVE YOUR **PROBLEM-SOLVING SKILLS**?  
WANT TO DO **MATH** THAT IS **CHALLENGING** AND **FUN**?  
THINK **MATH IS BORING**?

IF YOU ANSWERED YES TO ANY OF THE ABOVE, TRY

**MATHCOUNTS®**

*Whether you love math or not, bring your friends and  
come see what MATHCOUNTS is all about!*
